

Guardian Mission

Provide an effective Chemical, Biological, Radiological and Nuclear (CBRN) protection, detection, identification and warning system for installation protection.

Ensure integration of CBRN network with existing Command, Control, Communications and Intelligence (C3I) capabilities to provide effective information management.

Provide a capability that will allow for rapid restoration of critical installation operations.

Protect DoD civilians, contractors and other persons working or living on U.S. military installations and facilities.

Equip and support Civil Support Teams (CSTs), Incident Support Teams (ISTs), Rapid Response Teams (RRTs) and Recon/Decon Teams.
